

MAY THERE ALWAYS BE SUNSHINE

"May there always be sunshine" is the motto of the first International Children's Festival, which started in Moscow. Children and youth organisations of almost a hundred nations sent their representatives to this event in the capital of the Soviet Union. The ceremonial opening of the Festival took place at the Kremlin Palace of Congresses. First Secretary of the CC of the LKCSU Pastukhov read the greeting of L.I. Brezhnev, General Secretary of the CPSU CC, President of the Presidium of the USSR Supreme Soviet, to the participants of the Festival. "I am very glad that all of you, who have come here for your festival, are an example of how to learn to live from your earlier years, in peace and friendship and to struggle together for the realisation of the brightest thoughts and aspirations."

SHIP BUILDERS

A new labour feat has been achieved by the ship-builders of Astrakhan. A drifting boring installation for underwater prospecting and exploitation boring was being shipped to the Baku oil-workers. The new installation was named "60 Years of October". The installation was being shipped to the Caspian oil-workers in an assembled state. Such towing has been undertaken in our country for the first time. In the year of the 60th anniversary of Great October the new boring installation will be put into operation.

THE ANGARSKY OIL-CHEMICAL WORKS

The Siberia of today means modern roads, world's largest energetic stations, oil and gas pipe-lines, new cities that have sprung up in the taiga. Soviet people successfully bring to life the program of the further mastering of rich Siberian resources set by the XXVth CPSU Congress. Workers of the Angarsky Oil-Chemical Works are proud of the labour accomplishments of the team of fitters led by Vasili Petrochenko. The builders are fitting and installing columns of blocs each of which weighs several hundred tons. The new complex will be put into operation in this five year period and will add its' production to the people's economy. The builders are successfully fulfilling their Socialist obligations in honour of the 60th anniversary of Great October.

DUCK FARM

The "Kotlyarevsky" Duck Farm in Kabardino-Balkaria is one of the largest in the country. The productivity of the farm is constantly increasing. This state farm breeds ducks on an industrial basis. Only 60 days later each of these ducks will weigh 2,5 kg. Thus the "Kotlyarevsky" duck farm answers the Decree of the CPSU CC and the USSR Council of Ministers about measures towards increasing the production of poultry meat.

AUTO-MOTO-REVIEW

An unusual performance of the Polish Auto-Moto-Review took place at the Moscow "Lokomotiv" Stadium. This is the first performance of Polish stuntmen abroad.
