

## SOLIDARITY WITH THE HEROIC VIETNAM

Each day the world learn about new terrible crimes of the American aggressors in Vietnam. Pentagon rulers think that chemical, electronic, and now even meteorological war, air raids on economical objects, dams, peaceful cities and villages, would break the resistance of the people, who fight for freedom and independence of their country. They hope in vain! The Vietnamese patriots strengthen their military actions, their resistance to intervents grow. By the end of July the number of the shot american planes in the sky of the north Vietnam exceeded 3770. The forces of the liberation front move actively on all strategically important directions of South Vietnam. They repulse successfully the pirate assaults on the Democratic Republic of Vietnam. The Soviet people are happy with the victories of the patriots of Vietnam, and therefore the muscovites greeted heartily the Ambassador of the South Vietnam Republic in the USSR Dang Quang Minh and the delegation of the Democratic Republic of Vietnam, who came at the opening of the month of the Soviet-Vietnamese friendship. The head of the DRV delegation Bin Thi Khan expressed deep gratitude to the Soviet people for its fraternal assistance.  
We are with you, Heroic Vietnam!
